Milan, Italy

After eight years as a sound engineer I decided to change my career path and got the necessary skills to become a UX/UI designer. I believe empathy lies at the core of good UX research, and I strive to find the best user journey for each scenario. I am a team player with a keen eye for detail and a hunger to grow.

WORK EXPERIENCE

2019-2023 – The Irish Times UX and Web Designer

- Improved subscriber retention by implementing optimised e-commerce funnel designs and promotions
- Improved accessibility by re-designing registration forms and article templates.
- Liaised with developers to improve functionalities

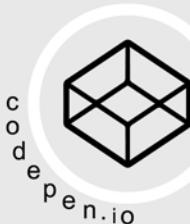

2017-2019 – M.E.G. Support Tools Head of Design

- Managed interns and junior designers
- Researched the best solutions for new features
- Supervised the improvement of 8 different projects

2017-2019 – patientMpower UX/UI designer

- Researched user flows
- Mocked up interfaces and layouts
- Created graphic assets
